SUMMARY

Highly motivated and detail-oriented student with a strong interest in Embedded Systems. Well-versed in simulation and design tools including **Multisim, Synopsys, MATLAB, and Cadence**. Eager to apply theoretical knowledge and software expertise to challenging projects and contribute to innovative hardware-software integration.

EXPERIENCE

NLC INDIA LTD, NEYVELI - *Junior Telecom analyst*

JUNE 2025 - JULY 2025

- Completed an on-site training program with potential PPO, supporting the telecom analytics and network operations team in monitoring, analyzing, and optimizing network performance, while building a strong foundation in telecom technologies, data analysis, and network operations.

Lenovo PVT Ltd, Pondichery- *Junior embedded engineer*

SEPTEMBER 2025 - OCTOBER 2025

- Designed, developed, and debugged embedded firmware using Embedded C/C++ for microcontroller-based systems (ARM, AVR, STM32, ESP32). Interface and test peripherals such as UART, SPI, I2C, GPIO, and ADC while supporting hardware bring-up and integration. Followed coding standards, perform troubleshooting, and maintaining clear technical documentation.

EDUCATION

Jawahar higher secondary school - *Senior Secondary(class XII)*

2021 - 2023

SCORE- 76%

BSA Crescent Institute of Science and Technology - *B.Tech*

Electronics and communication engineering(ECE)

2023 -2027

CGPA - 7.02

SKILLS

- Cadence
- Embedded c
- Circuit Analysis
- Python
- C/C++

CERTIFICATIONS AND LICENCES

- Certificate for the Completion of JavaScript Training | IIT Bombay
(Spoken Tutorial)
Issued Nov 2025 • Score: 80.00%
Completed comprehensive JavaScript training organized by B.S. Abdur Rahman Crescent Institute of Science and Technology in collaboration with EduPyramids and SINE, IIT Bombay.
- **Networking Basics** | Cisco Networking Academy
 - IPv4, protocols, wireless access, and core networking fundamentals.
- **Career Edge – IT Primer** | TCS iON
 - Foundational IT, programming basics, UI/UX, and business technology integration.
